MOTTO OF THIS NEWS LETTER

**Empowering Minds, Connecting Ideas:
Your Gateway to Knowledge and Learning.**

Reflects the vital role of libraries in academic and personal growth. Libraries offer more than just books—they nurture curiosity and provide access to diverse resources that expand knowledge. They foster a community for critical thinking, creativity, and collaboration, essential for success. Libraries connect individuals with the information needed for research, education, and personal development. As gateways to unlimited learning, they bring students and faculty together to share ideas and grow. Ultimately, libraries inspire continuous learning and are central to intellectual engagement in today's world.
