Circular

For: All Students of School of Engineering and Technology
Subject: Participation in GATE Mock Tests Organized by NPTEL

Greetings from the DSU NPTEL Local Chapter!!!

As part of NPTEL's ongoing initiative to strengthen GATE preparation among engineering students, GATE Mock Tests are being organized to help students evaluate their level of preparedness and improve their performance in the upcoming GATE examination.

These mock tests provide an excellent opportunity to:

- Experience a real-time GATE test environment
- Identify strengths and areas for improvement
- Get familiar with the exam pattern and time management

All **final** and **pre-final year students** of the School of Engineering and Technology are encouraged to register and participate in these mock tests.

Registration Details:

Students must register through the following link:

<https://gate.nptel.ac.in/registration.php>

After registration, the NPTEL team will enroll students in the relevant course(s) and send access details via email.

Important Information:

- Students registering by Friday, 5:00 PM will be enrolled for the upcoming Sunday's mock test.
- Registrations received after Friday, 5:00 PM will be considered for the following Sunday's test.
- Mock Test Schedule: Available on the NPTEL GATE portal.

This is an excellent opportunity for students to assess their readiness, improve time management skills, and gain confidence before the actual GATE exam.

For any queries, please contact:

Prof. (Dr.) Sweta Panchal, NPTEL Local Chapter Co-ordinator (F-101)
